LOT – 2 SOFTWARE

CLIN	Model/ID	Description	IW2 Price				
FD2000	OLIB7	Software for managing physical libraries with open extensions into networked digital libraries. A typical medium-sized turnkey solution (excluding hardware), with no bespoke customization - Core System	$50,000				
FD2001	OLIB7	- 20 Concurrent Staff Users for CLIN FD2000	$32,000				
FD2002	OLIB7	- 100 Concurrent Web OPAC Users for CLIN FD2000	$120,000				
FD2003	OLIB7	- Installation (excl. expenses) for CLIN FD2000	$3,360				
FD2004	OLIB7	- 8 days configuration training (excl. expenses) for CLIN FD2000	$8,960				
FD2005	OLIB7	- 8 days system administration training (excl. expenses) for CLIN FD2000	$8,960				
FD2006	OLIB7	- 10 days project management for CLIN FD2000	$11,200				
FD2007	OLIB7	- Annual Maintenance for CLIN FD2000	$40,400				
FD2008	OLIB7	- Data Conversion for CLIN FD2000	POA				
FD2009	VDX	VDX is a network-centric product using open system standards to provide a management environment for mixed media information delivery to users and co-operating institutions. A typical medium-sized turnkey solution (excluding hardware), with no bespoke customization- Software to cover 200 libraries for VDX, the 'Virtual Document eXchange' is the underpinning technology to manage the evolution from the physical library to the hybrid library.	$225,000				
FD2010	VDX	- Installation and sample configuration (excl. expenses) for CLIN FD2009	$12,320				
FD2011	VDX	- 8 days configuration training (excl. expenses) for CLIN FD2009	$8,960				
FD2012	VDX	- 8 days system administration training (excl. expenses) for CLIN FD2009	$8,960				
FD2013	VDX	- 10 days project management for CLIN FD2009	$11,200				
FD2014	VDX	- Annual Maintenance for CLIN FD2009	$56,250				
FD2015	Z'mbol	Z'mbol provides an open meta-data server platform for publishing data sets as Z39.50 servers. This allows integration of arbitrary meta-data and data sets into the Digital Library environment.- Per processor, Unlimited users, Unlimited data set	$50,000				
FD2016	Z'mbol	- Implementation and Config for CLIN FD2015	POA				
FD2017	Z'mbol	- Annual Maintenance for CLIN FD2015	$10,000

CLIN	Model/ID	Description	IW2 Price				
FD2018	Learning Environment	Online web-based managed learning system. The learning environment: ◻ allows online learning and support anywhere over the World Wide Web and/or an Intranet; ◻ supports open, flexible, student-centred learning; ◻ provides in-depth support for student support and tracking; ◻ integrates with simple and complex digital learning material from any source in any file format and with back-of-house management information systems using Open technology ◻ supports multiple communication systems incorporating the learning provider's choice of tools for email, webmail, bulletin boards, discussion groups, teleconferencing and videoconferencing based on IMS, ADL, AICC and IEEE interoperability standards. A typical medium-sized turnkey solution, with no bespoke customization (excluding hardware). Core System	$30,000				
FD2019	Learning Environment	- 200 Users, regardless of role for CLIN FD2018	$120,000				
FD2020	Learning Environment	- Installation (excl. expenses) for CLIN FD2018	$13,440				
FD2021	Learning Environment	- 6 days Configuration Training (excl. expenses) for CLIN FD2018	$6,720				
FD2022	Learning Environment	- 6 days Administration Training (excl. expenses) for CLIN FD2018	$6,720				
FD2023	Learning Environment	- 10 days project management for CLIN FD2018	$11,200				
FD2024	Learning Environment	- Annual Maintenance for CLIN FD2018	$30,000
